

# 1-866-738-0706 Turkish Airlines Melbourne Office

Here's what I could find about the **Turkish Airlines office in Melbourne, Australia** — this is generally a *sales or airport-based office*, not a large standalone city ticketing centre:

## Turkish Airlines – Melbourne Airport Office

**Address:** Terminal 2, Level 2, Melbourne Airport (Tullamarine), VIC 3045, Australia ([airlineoffice.com](http://airlineoffice.com))

This is the primary location where Turkish Airlines staff are available to assist with ticketing, bookings, check-in, baggage issues, and other traveler questions in person. ([wwwairofficesguides.com](http://wwwairofficesguides.com))

### Phone / Contact:

- Turkish Airlines Melbourne office may use the local Australian call centre number: **+61 1800 750 849** (often listed for Melbourne/Sydney support) ([airlineoffice.com](http://airlineoffice.com))
- Melbourne Airport general contact: **+61 3 9297 1600** ([wwwairofficesguides.com](http://wwwairofficesguides.com))  
(*Note: Many listing sites mention various phone numbers and toll-free lines — not all are guaranteed official airline direct lines.*) ([OfficesGuideInfo.com](http://OfficesGuideInfo.com))

### Email:

- Common regional airline email referenced: **sydinfo@thy.com** (used for Australian enquiries) ([airlineoffice.com](http://airlineoffice.com))

### Typical Office Hours:

- Some listings show limited staffed hours (e.g., afternoons/evenings on select days) rather than full airport hours, because this is often a sales/ticketing desk rather than a 24/7 counter. ([airlineoffice.com](http://airlineoffice.com))
- The **airport counters themselves** can assist with check-in and flight day services during normal airport operating times. ([wwwairofficesguides.com](http://wwwairofficesguides.com))

## Additional Notes

- Turkish Airlines flight operations for Melbourne are normally at **Melbourne Airport (MEL)**. The airport counters provide core passenger services on departure days. ([wwwairofficesguides.com](http://wwwairofficesguides.com))
- There doesn't appear to be a separate standalone Turkish Airlines sales office in central Melbourne distinct from the airport location. ([OfficesGuideInfo.com](http://OfficesGuideInfo.com))

## Turkish Airlines Headquarters (for global/corporate)

If you need higher-level support beyond the local office, you can also contact the main corporate HQ:

**Turkish Airlines HQ Building** — Atatürk Airport, İstanbul, Turkey (global airline headquarters) — **Phone:** +90 850-333-0849

---

If you want the **official Australian customer service phone number for Turkish Airlines** (e.g., a number to call from within Australia for reservations or support beyond the airport), just let me know and I can pull that for you!
